2. Five (5) years after the date of the recording of this Declaration, or when eighty percent (80%) of the Lots within Stadium Estates have been conveyed by Declarant, whichever shall first occur, the right to appoint, augment or replace all members of the Architectural Committee shall automatically be transferred to the Board. Persons appointed by the Board to the Architectural Committee must be Owners; however, persons appointed by Declarant to the Architectural Committee need not be Owners, in Declarant's sole discretion.

3. The address of the Architectural Committee shall be the address established for giving notice to the Association. Such addresses shall be the place for the submittal of plans and specifications and the place where the current Architectural Standards shall be kept.

B. Architectural Standards. The Board may, from time to time, adopt and promulgate Architectural Standards to be administered through the Architectural Committee. The Architectural Standards may include among other things those restrictions and limitations upon the Owners set forth below:

1. Time limitations for the completion of the building or structure ("Improvements") for which approval is required pursuant to the Architectural Standards.

2. Conformity of completed Improvements to plans and specifications approved by the Architectural Committee; provided, however, as to purchasers and encumbrancers in good faith and for value unless notice of non completion or nonconformance identifying the violating Improvement and its Owner and specifying the reason for the notice, executed by the Architectural Committee, shall be filed of record in the Official Records of Lewis County, and given to such Owner within one (1) year of the expiration of the times limitation described in subsection one above, or unless legal proceedings shall have been instituted to enforce compliance or completion within said one (1) year period, the completed Improvements shall be deemed to be in compliance with plans and specifications approved by the Architectural Committee and in compliance with the Architectural Standards of the Association, only with respect to purchasers and encumbrancers in good faith and for value. The Owner to whom a notice of non-completion or noncompliance has been issued shall be bound by such notice regardless of whether such notice has been filed in Official Records. Each Owner hereby is deemed to have consented to and authorized the recording against his

Lot of such a notice of non-completion or nonconformance executed only by the Architectural Committee or its delegate.

3. Such other limitations and restrictions as the Board in its reasonable discretion shall adopt, including, without limitation, the regulation of the following: placement, construction, reconstruction, exterior addition, change or alteration to or maintenance of any Improvement including, without limitation, the nature, kind, shape, height, materials, exterior color, surface and location of any Improvement.

2. The Architectural Committee may delegate its plan review responsibilities to one or more members of such Architectural Committee. Upon such delegation, the approval or disapproval of plans and specifications by such persons shall be equivalent to approval or disapproval by the entire Architectural Committee.

3. The Architectural Committee may, from time to time, subject to the approval of the Board, adopt, amend and repeal Architectural Committee Rules and may assess a reasonable fee as appropriate for the type and nature of the Improvement, in connection with the review of plans and specifications for proposed Improvements, including without limitation, a procedure and approval of preliminary plans and drawings, as well as final approval, the number of sets of plans to be submitted, and may require such detail as it deems proper, including without limitation, floor plans, site plans, elevation drawings, and descriptions or samples of exterior material and colors. Unless any such rules are complied with, such plans and specifications shall be deemed not submitted.

4. The establishment of the Architectural Committee and the systems herein for architectural approval shall not be construed as changing any rights or restrictions upon Owners to maintain, repair, alter or modify or otherwise have control over the Lots as may otherwise be specified in this Declaration, the Articles of Incorporation or Bylaws of the Association, or any other applicable Association documents.

D. Approval of Plans.

1. No Improvement shall be constructed, installed, expanded, made, planted, commenced, erected or maintained upon the Property or any Lot except in compliance with plans and specifications therefore which have been submitted to and approved by the Architectural Committee.

2. The Architectural Committee shall review and approve or disapprove all plans and specifics submitted to it for any proposed Improvement solely on the basis of compliance with the Architectural Standards and overall benefit or detriment which would result to the immediate vicinity and the Development in general. The Architectural Committee shall take into consideration the aesthetic aspects of the architectural designs, placement of building, landscaping, color schemes, exterior finishes and materials, and similar features.

3. The Architectural Committee shall approve plans and specifications submitted for its approval only if it deems that the proposed Improvement will not be detrimental to the appearance of Stadium Estates as a whole; that the Improvement complies with the Architectural Standards; that the appearance of any Improvements will be in harmony with the surrounding structures; that the construction of any Improvement will not detract from the beauty and attractiveness of Stadium Estates or the enjoyment thereof by the Owners; that the upkeep and maintenance of any Improvement will not become a burden on the Association; and that no violations of the use restrictions set forth this Declaration exists.

4. The Architectural Committee may condition its approval of plans and specifications for any Improvement on such changes therein as it deems appropriate or may determine that such Improvement cannot be approved because of its effect on existing drainage, utility or other easements, or may condition its approval of such Improvement upon approval by the holder of any such easement, public agencies set back requirement or necessary permits; or may condition its approval upon approval of any such Improvement by the appropriate governmental entity, and may require submission of additional plans and specifications or other information or materials prior to approving or disapproving plans and specifications submitted. Any Architectural Committee approval conditioned upon the approval by a governmental entity shall not imply the Association is enforcing any government codes or regulations, nor shall the failure to make such conditional approval imply that any such governmental agency approval is not required.

5. In the event the Architectural Committee fails to approve or disapprove any plans and specifications within thirty (30) days after the same have been duly submitted in accordance with any rules regarding such submission adopted by the Architectural Committee, such plans and specifications will be deemed approved.

E. Nonliability for Approval of Plans. Plans and specifications shall be approved by the Architectural Committee as to style, exterior design, appearance and location, and are not approved for engineering design or for compliance with zoning and building ordinances, and other applicable statutes, ordinances or governmental rules or regulations, the requirements of any public utility, or any easements or other agreement, and by approving such plans and specifications neither the Architectural Committee, the members thereof, the Association, the Owners, the Board nor Declarant nor agents, employees, attorneys or consultants of any of the foregoing, assume liability or responsibility therefore, or for any defect in any Improvement constructed from such plans and specifications.

F. Appeal. In the event plans and specifications submitted to the Architectural Committee are disapproved thereby, the party or parties making such submission may appeal in writing to the Board. The written request shall be received by the Board not more than fifteen (15) days following the final decision of the Architectural Committee. The Board shall submit such request to the Architectural Committee for review, whose written recommendations are to be submitted to the Board. Within forty-five (45) days following receipt of the request for appeal, the Board shall render its written decision. The failure of the Board to render a decision within said forty-five (45) day period shall be deemed a decision in favor of the appellant.

G. Inspection and Evidence of Approval.

1. The Architectural Committee shall cause an inspection to be undertaken within forty-five (45) days of a request therefore from any Owner as to his Improvement, and if such inspection reveals that the Improvement has been completed in compliance with this Article, the President and the Secretary of the Association, or any other officer or officers authorized by resolution of the Board, shall provide to such Owner a notice of such approval in recordable form which shall be conclusive evidence of compliance with the provisions of this Article as to the Improvement described in such notice, but as to such Improvement only.

2. If for any reasons the Architectural Committee fails to cause an inspection to be made within forty-five (45) days of being notified by the Owner of the completion of an Improvement or fails to notify the Owner of any noncompliance within thirty (30) days after an inspection, the Improvement shall be deemed to be completed in substantial conformance with approved plans and specifications. In such events, the Owner shall be entitled to receive a notice of compliance in recordable form upon request, executed by the President and the Secretary of the Association, or any other officer or officers authorized by resolution of the Board. Such notice of compliance shall be conclusive evidence of compliance with the provisions of this Article as to the Improvements described in the notice.

H. Failure to Submit Plans; Nonconformity. The Association has the right to enter any Lot or Improvement for the purpose of inspecting an Improvement constructed or being constructed upon such Lot. In the event an Improvement was commenced without the required

approval of the Architectural Committee, or, if such Improvement was not completed in substantial conformance with the approved plans and specifications, the Architectural Committee shall give notice of the violation to the violating Owner, which notice shall briefly describe the violation and shall set a date for a hearing before the Board, or a committee selected by the Board for such purposes.

I. Variances. If the Board finds in favor of the Architectural Committee upon appeal of a disapproval of plans and specifications pursuant to the Section entitled "Appeal" of this Article or in the event the Board finds a noncompliance with the provisions of this Article upon review of a decision by the Architectural Committee after an inspection pursuant to the Section entitled "Failure to Submit Plans; Nonconformity" of this Article, the Board may authorize a variance from compliance with the architectural controls set forth in this article when circumstances such as topography, natural obstructions, hardship, aesthetic, or environmental consideration may require; provided, however, that no variance from the use restrictions contained in this Declaration may be granted. Such variances must be evidenced in writing, and must be signed by a majority of the members of the Architectural Committee. If such variances are granted, no violation of the covenants, conditions and restrictions contained in this Declaration shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of this Declaration for any purpose except as to the particular Improvement and particular provision of this Article covered by the variance, nor shall it affect in any way the Owner's obligation to comply with all government laws and regulations affecting his use of his Lot or any Improvement including, but not limited to, zoning ordinances and lot setback lines or requirements imposed by any governmental or municipal authority.

**ARTICLE III
ASSESSMENTS**

A. Covenant of Personal Obligation of Assessments. The Declarant, for each lot owned, hereby covenants, and every Owner of every Lot by acceptance of the deed or other instrument of conveyance thereof including real estate contracts (whether or not it shall be so expressed in such deeds or other instrument of conveyance) is deemed to personally covenant and agree, jointly and severally, and hereby does so covenant and agree, to pay to the Association: (a) monthly assessments, (b) special assessments, and (c) default assessments applicable to such Lot; such assessments to be established and collected as hereinafter provided. No Owner may waive or otherwise escape personal liability for the payment of the

assessments provided for herein by non-use of the Common Area or by abandonment or leasing of such Owner's Lot.

B. Purpose of Assessments. The assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, convenience, and general welfare of the owners, including the improvement and maintenance of the Common Area.

Proper uses of the assessments levied by the Association shall include, but are not limited to, the expenditures of funds for taxes, fees, expenses, charges, levies, premiums, expenditures, or other costs incurred by the Association for:

- (1) Installation, maintenance and repair of common path, walkways, and stormwater ponds.
- (2) Providing services to the Common Area such as tree care, mowing grass, caring for the grounds and sprinkling and irrigation system, landscaping, shrubs, grass, walkways and pathways;
- (3) Carrying out the powers and duties of the Association;
- (4) Purchase of insurance for the Association;
- (5) Management of the Association;
- (6) Any other purposes and uses that the Board shall determine to be necessary to meet the primary purposes of the Association, including the establishment and maintenance of reserves for repair, maintenance, taxes, and other uses specified above.

C. Assessment Years. The first assessment year for the levying of the Association's monthly assessments shall commence upon the date of the recording with the Lewis County Auditor, Lewis County, of the Declarant's first conveyance of the Common Area to the Association (provided, however, that if the date of recording of such conveyance of the Common Area shall be on the first day of a month, then such date shall be the commencement date for the first Assessment year) and continue thereafter until the following 31st of December. Subsequent assessment years shall thereafter commence on the first day of January and continue until the following 31st of December.

D. Assessment of Monthly Assessments.

Class A. The Association's monthly assessments to be levied by the Association on all Class A Lots with single-family residences thereon for the first six (6) months after the date of recording of this Declaration shall be in an amount, as determined by the Board, not to exceed Forty & 00/100 Dollars (\$30.00) per month, payable quarterly, in advance. Thereafter, the maximum monthly assessments for any particular assessment year shall be in such amounts, as is determined in accordance with Section E below.

Each Owner shall, concurrent with its acquisition of its Lot, deposit with the Association a sum equal to three (3) months' assessments as a working capital fund in addition to payment of the first monthly and other assessments. This fee shall be due on each and every transfer of title, on each and every lot and will be used for, but not limited to, improvements, repairs and replacements in the Common Areas.

Class B. For the limited purpose of determining the monthly assessment, Class B Lots shall be assessed in the manner prescribed for Class A Lots effective the first day of the month following the date the building permit is signed off as finalized for the residence located thereon. Prior to that time, each Class B Lot shall be assessed at the monthly rate of Ten Dollars (\$10.00). Class B lots shall not be subject to the 'Working Capital' Assessment.

E. Determination of Amount of Monthly Assessments. So long as the Association's monthly assessments for a particular assessment year shall not exceed the maximum monthly assessments for the first six months as provided in Section D above, or thereafter be increased by the Board by more than ten percent (10%) per annum, the Board may determine and levy such monthly assessments without a vote or approval being required of either Class of voting membership of the Association. If, however, the Board shall desire to levy monthly assessments to accomplish nonessential improvements or activities or a particular assessment year which shall be in excess of the amount of the monthly assessments for the assessment year immediately preceding the particular assessment year plus ten percent (10%), then the Board shall give written notice thereof to all owners at least 30 days in advance of the commencement date of the particular assessment year and the approval of sixty-six and two-thirds percent (66-2/3%) of the Class A members and the approval of the Class B member, if any, shall be required. Provided, however, if the Board determines a special assessment is necessary to carry out required maintenance activities or to provide for emergency actions necessary for the health, safety, or welfare of the Association such assessment may be increased without approval of either the Class A or Class B membership of the Association. If the Board shall not determine and levy monthly assessments for a particular assessment year in accordance with the foregoing sentence, then the monthly assessments for that particular assessment year shall be deemed to be the same as the monthly assessments for the assessment year immediately preceding that particular assessment year.

F. Special Assessments. Generally, in addition to the monthly assessments authorized above, the Board may, at any time and from time to time, determine and levy in any assessment year a special assessment applicable to that particular assessment year for the purpose of defraying, in whole or in part, the costs, fees, and expenses of any construction, reconstruction, repair, demolishing, replacement, or maintenance of the Common Area.

G. Due Dates for Assessment Payments & Late Fees. Unless otherwise determined by the Board in an adopted Policy, the monthly assessments and any special assessments which are to be paid in installments shall be paid quarterly, in advance, and shall be due and payable to the Association at its office, without notice, on January 1st for the period of January - March; on April 1st for the period of April - June; on July 1st for the period of July - September; and on October 1st for the period of October - December.

If any such assessment shall not be paid within fifteen (15) days after it shall have become due and payable, then the board may assess a "late charge" thereon in an amount not exceeding Fifteen Dollars (\$15.00) to cover the extra expenses involved in handling delinquent assessment payments and to encourage timely receipt of payments. Further, all such delinquent assessments shall bear interest as hereafter provided. Payments shall be applied in the following order: past due regular assessments, past due special assessments, late fees, attorney or collection costs, current assessments, current special assessments and finally, future assessments.

H. Lien. All lots in Stadium Estates shall be subject to the charges and assessments provided for in and for the purposes set forth in the Articles of Incorporation and By-Laws of Stadium Estates Owners Association, a Washington non-profit corporation. Said corporation shall have a lien against all lots in said subdivision for said charges and assessments, including interest at the lesser of twelve percent (12%) per annum or the maximum allowable by law on all such charges and assessments that are not paid when due. If said charges and assessments levied by the corporation shall not be paid within four (4) months after they become due and payable, then in addition to the remedies set forth in the Articles of Incorporation and By-Laws, the corporation may proceed by appropriate action to foreclose said lien. In such foreclosure action and corporation shall be entitled to recover the cost of title search and court costs, together with attorneys' fees in such amounts as the court may judge reasonable in such action. Any first mortgage liens placed upon any of said lots which are recorded in accordance with the laws of the State of Washington shall be from the date of the recording of such mortgage superior to such assessments and the liens provided for herein that are levied by the corporation subsequent to the date that said first mortgage is recorded.

**ARTICLE VI
ENFORCEMENT**

Enforcement of these covenants, conditions, and restrictions may be by proceeding at law or in equity against any person or persons violating or attempting to violate such covenants, conditions, and restrictions, and such actions may be to restrain the violation or to recover damages for each violation.

**ARTICLE VII
